

Our Story

O'Henry's Coffees began in downtown Homewood, AL in 1993. "A Fine Coffeehouse" was the tag line under the logo. This has evolved into Coffee and Community and Catering! O'Henry's is locally owned, locally operated and our beans are locally roasted. The business has been honored as "**Best Coffeehouse in Alabama**" (National Business Insider).

We started with coffee, but have grown into breakfast sandwiches, pastries, desserts, lunch and more. Delivered to your door? Sure. Let us make your next meeting, business lunch, wedding event or get together easy on you and special for your guests. 10 people for lunch or coffee and scones for 1500? We've got you covered!

With more than 20 years under our belt we'll do it right and do it on time. Our website offers more details. Better yet, give us a call.
